The new ACT Online Prep™ helps your students do their best

The Only Online Test Prep from the Makers of the ACT® Gives Students an Edge

Meet your goals and your students' with ACT Online Prep. The new program:
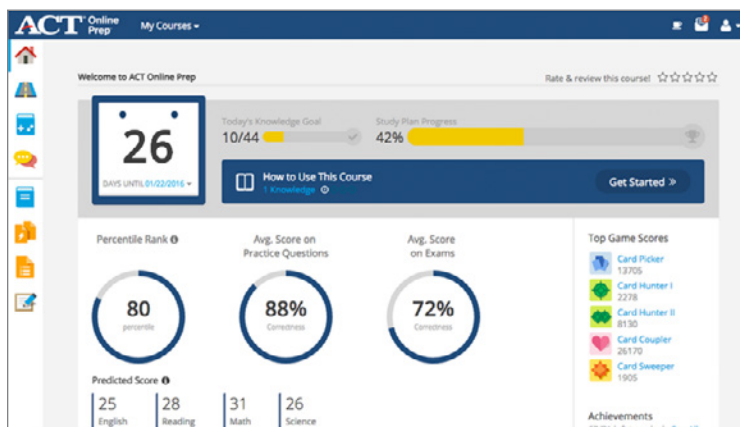

- Delivers lessons that provide a comprehensive review of the ACT's four subject tests (English, math, reading, science)

- Provides students with a predicted ACT score using a practice test

- Identifies students' strengths—and areas where they need additional review

- Creates personalized learning paths based on students' strengths and areas for improvement

- Helps students become more familiar with the format of the ACT test

- Gives each student online access, including a free mobile app, for maximum flexibility

ACT® Online Prep™

The New ACT Online Prep Program Provides:

- A special dashboard for educators. Instructors and counselors can track students' progress with their test preparation—and gain perspective on strengths and weaknesses at both student and classroom levels

- Students with easy-to-use dashboards to help them monitor their progress and stay on track

- The best simulated test-taking experience by using actual ACT tests

- Instructors access to students' average practice test scores, including time spent per question, and to explanations for the correct answers

Ready to Order?

Your district or school can purchase ACT Online Prep for all of your students taking the ACT test.

TO ORDER:

- Website: **www.act.org/onlineprep**

- Call: **800.498.6065**

Ask about our special discount for districts and schools with a high proportion of students on Free/Reduced Lunch.

Student view: *This is their home base—where they'll check in to make sure they are on track with their learning paths, see how their scores are improving, and see how their progress compares to other ACT Online Prep users.*

Student view: *Students use our huge collection of practice questions to test their knowledge and get used to the content and format of the ACT.*
